

Jessica Abril

Candidate

MBA: Concentration in Business

Analytics

Senior Analyst at:

Jessica is a Senior Analyst with the Global Services Market Strategy group at EMC. In her current role she serves as an Engagement Manager for internal consulting projects and a Subject-Matter-Expert on analytics within the team. Recent projects have included working with Data Scientists from GreenPlum and leveraging analytics to better understand the effect of services on product sales and account performance. As part of a "shared-service" department within EMC, she has been able to work with a variety of business units including Residency, Consulting, and Customer Education.

Jessica holds a B.S in Mathematics from Bentley University and a M.S. in Operations / Logistics from Worcester Polytechnic Institute. She expects to graduate from the Professional MBA program in 2013 with a concentration in Business Analytics.

Maria Skaletsky

Candidate

PhD in Business; specialization in Business Analytics

Research Consultant at:

Maria Skaletsky holds the position of Research Consultant at the Academic Technology Center at Bentley University. She is responsible for preparing and managing data and assisting faculty on research design, survey design, data gathering methodology, data input, and data analysis. She also supports faculty use of large research databases, such as CRSP, Compustat, and ExecuComp, as well as their use of SAS, SPSS, JMP and other statistical software.

Maria joined the ATC in April of 2003. Prior to that, she earned an MBA (concentration in Business Data Analysis) from Bentley University. Maria holds a BS in Business Management from St. Petersburg Academy of Business (Russia), and is fluent in Russian.

Maria is currently working on her PhD in Business Analytics. Her research interests include the analysis of living standards data, and the digital divide.

Anjali Zaveri

Candidate

MBA : Concentration in

Business Analytics and IT / MSMA

Anjali has an undergraduate degree in Finance and Marketing from the University of Massachusetts, Lowell. Upon the completion of her undergraduate degree, Anjali worked for three years as a Portfolio Accountant at State Street.

While she enjoyed working in Finance, she felt there was still more she wanted to learn so she decided to pursue a dual Masters (MBA with a concentration in Business Analytics and IT and a Masters in Marketing Analytics) at Bentley University. Through her time at Bentley she has had the opportunity to explore and fall in love with Analytics. She will graduate this December and looks forward to applying her education and skills to the real world.
